

ABOUT US

The Centre for the Advancement of Language Competence (CALC), Universiti Putra Malaysia is a leading language centre that provides language courses to university students and staff, government agencies, corporate companies, and the public. The centre is recognised for its extensive range of language courses for academic, professional, and social needs that are relevant in today's evolving society.

The Language Extension Unit is responsible for spearheading language training courses in CALC. The unit aims to provide quality language courses and to ensure a successful language learning experience for learners.

Each language course is specifically designed to empower learners with the language competence needed for personal and professional advancement. Our aim is to work with learners towards realising their language goals.

WHY CHOOSE US?

- Placement tests to decide the right class level
- Experienced and qualified language trainers
- Fun and interactive classes with on-going progress checks
- Certificate of Completion at the end of the course
